

DID YOU KNOW?

According to the most recent figures available (2012), the average net cost of educating a student in a NSW Catholic school was \$11,532 per year.

This is less than the cost of educating a student in a government school (\$12,118) or in an independent, non-government school (\$16,654).

Despite this efficiency, Catholic schools still rely on Federal & State Governments for more than 75% of our funding needs.

This is why funding support from Federal & State Governments must keep pace with rising education costs - ***to maintain education quality and to ensure a Catholic education remains affordable for all families.***
